

BUSH GEMS®

— Kangaroo Paw —

ANIGOZANTHOS BUSH CRYSTAL

Anigozanthos Bush Gems are a spectacular, versatile range of water-saving, easy care plants. These varieties offer spectacular colour, profuse flowering and a range of heights and exceptional quality. As a potted feature plant or en-masse in the garden, Bush Gems add interest to all garden styles.

Imagine seeing the sparkle of Bush Crystal in the garden; stunning iridescent crimson flowers stand tall from the slightly arching foliage creating an impressive display. Bush Crystal has all of the excellent features Bush Gems are known for, and looks beautiful on its own or perhaps alongside Bush Diamond or Bush Pearl.

HIGHLIGHTS:

- Superior quality
- Drought hardy once established
- Low maintenance
- Spectacular colour range
- Long flowering
- Have a 2 week vase life as a cut flower
