

# BUSH GEMS®

— Kangaroo Paw —

## ANIGOZANTHOS BUSH DIAMOND

Anigozanthos Bush Gems are a spectacular, versatile range of water-saving, easy care plants. These varieties offer spectacular colour, profuse flowering and a range of heights and exceptional quality. As a potted feature plant or en-masse in the garden, Bush Gems add interest to all garden styles.

Bush Diamond was the first 'white' kangaroo paw; it produces medium sized white flowers with a hint of pink on branched stems. Bush Diamond is a naturally compact and relatively tough kangaroo paw that is suitable as a feature plant in a container or planted en masse.

### HIGHLIGHTS:

- Superior quality
- Drought hardy once established
- Low maintenance
- Spectacular colour range
- Long flowering
- Have a 2 week vase life as a cut flower

<b>Species</b>	<i>Anigozanthos hybrid</i>
<b>Common name</b>	Kangaroo Paw
