

BUSH GEMS®

— Kangaroo Paw —

ANIGOZANTHOS BUSH PEARL

Anigozanthos Bush Gems are a spectacular, versatile range of water-saving, easy care plants. These varieties offer spectacular colour, profuse flowering and a range of heights and exceptional quality. As a potted feature plant or en-masse in the garden, Bush Gems add interest to all garden styles.

Bush Pearl is the worlds favourite Kangaroo Paw! Featuring masses of distinctive, bright pink flowers on a naturally compact and bushy plant, there's no wonder why it's the favorite. A relatively tough kangaroo paw, Bush Pearl is suitable as a feature plant or in a container or planted en masse.

HIGHLIGHTS:

- Superior quality
- Drought hardy once established
- Low maintenance
- Spectacular colour range
- Long flowering
- Have a 2 week vase life as a cut flower
