

ANIGOZANTHOS LANDSCAPE TANGERINE

The Ramm Botanicals x Angus Stewart 'Tall and Tough' Anigozanthos are a spectacular, versatile range of water-saving, easy care kangaroo paw. These Landscape paws are long lived, have considerably less leaf blackening and can withstand humid conditions.

The first orange landscape kangaroo paw to be bred in 20 years, Landscape Tangerine is revolutionary variety. This variety combines strong, highly branched flower stems, upright foliage, high disease tolerance and vivid flower colour on a tall, landscape paw. Flowering throughout spring and autumn, Landscape Tangerine will put on an irradiating display.

HIGHLIGHTS:

- Superior quality
- Drought hardy once established
- Low maintenance
- Spectacular colour range
- Long flowering
- Have a 2 week vase life as a cut flower
