# SUDDEN IMPACT!<sup>®</sup> FOR ROSES

## Sudden Impact for Roses

is an ideal liquid fertiliser for all flowering and fruiting plants - not just roses.

### Application Rates

1 capful (40ml) of Sudden Impact for Roses liquid diluted in 10 litres of water will treat up to 8 square metres of soil (or 8 rose bushes).

Use diluted product within 1 week of dilution.

For optimum results apply Sudden Impact for Roses every fortnight. Apply GOGO Juice every month.

### Storage and use

Store in a cool place away from direct sunlight. As this mixture contains natural products it will naturally contain a variety of living micro-organisms. Avoid inhalation of spray mist and wash hands after use. Keep out of reach of children and pets.

**Year round  
fertilising for  
year round  
health**

Like humans and animals, plants require regular feeding throughout the year – at least once in each season.

Happy, healthy, well nourished plants are more resistant to pests, diseases, heat stress and frost.
