ABOUT

Economical, quiet running, centrifugal pumps with 10 metre cables. These pumps have numerous applications for aquariums, garden fountains, waterfalls and hydroponics. All these pumps are saltwater compatible and supplied with foam prefilter which include a flow-control valve. A prefilter is included to provide protection for the pump.

SUITABLE FOR

- Water features
- Ponds
- Fountains
- Statuses
- Waterfalls
- Pond Filters
- Salt Water

KIT INCLUDES

- Fountain Nozzles (vary depending on model)
- Risers, adjustable tee piece & waterfall take-off

FEATURES

- Proven Performance
- Fully submersible
- Quiet, Continuous Operation
- Built in Flow Control
- Energy Efficient
- Foam Prefilter
